Verizon Adds LG K4, Watch Urbane 2nd Edition LTE to Lineup
2022/01/11

Verizon on Thursday added the LG K4 smartphone and LG Watch Urbane 2nd Edition LTE to its product lineup. The K4 runs on Android Lollipop and comes with a 4.5-inch display, 5 mp rear facing camera and 2 mp front facing camera, a 1.1 GHz quad core processor and 16 GB of memory. The device is a world device, meaning it works in more than 200 countries across the globe, Verizon said. The K4 is available for \$5 per month for 24 months or \$120 full retail. Verizon also introduced the LG Watch Urbane 2nd Edition LTE, which features the ability to get notifications, reply to messages and make calls. The LTE edition of the watch allows it to connect to the Verizon network, the carrier said. The watch is also compatible with Verizon Messages, meaning all texting and calling done from the device will use the customer's smartphone number. The watch is currently available for preorder at a cost of \$499.99 full retail or \$449.99 with a two-year activation. Verizon is also offering \$100 off the price of the device to customers who purchase an LG G5 or LG V10 on a device payment plan. The watch can be added to an existing Verizon Plan for \$5 per month, the carrier said. The carrier on Thursday also opened pre-orders for the LG G5. That device is priced at \$26 per month for 24 months or \$624 full retail.
